

# GreenGuard™ XPS Insulation

Too many SKUs? Not enough space? Looking for simpler pricing?  
We have a better solution! The new GreenGuard™ XPS Insulation  
promises to make buying insulation simpler.

The new GreenGuard XPS Insulation program combines the benefits of a global insulation manufacturer and a distributor with strong logistic capabilities. From truckload shipments direct to your store, to fill-in orders delivered with other products you already buy from Vicwest, you will get the same simple solution and benefits.

## ALL THE GREAT FEATURES OF AN EXTRUDED POLYSTYRENE RIGID INSULATION PRODUCT AND MORE

- Performance, Versatility & Durability
- Provides a continuous insulation layer that helps to reduce heat loss in the winter and heat entry in the summer.
- Superior moisture resistance – will absorb up to 10 x LESS water than expanded polystyrene insulation products, providing better long term thermal resistance.
- High R-5 value per inch
- Reduces potential for condensation in wall cavities where undetected mold and mildew can accumulate.
- It's light, durable and has a high compression value while being easy to handle and install.
- CCMC 12722-L

**For better thermal performance  
at a competitive price, go green  
with GreenGuard XPS Insulation!**
