10276 Espresso	

Our **SuperVic** roof is an exposed fastener profile. Its superior strength and snug fit allow spans over 30" wide, resulting in fewer supports and exposed fasteners. And panels can be reversed to minimize material loss resulting in a cost-effective material and installation process, making **SuperVic** the perfect choice for long-term protection on a limited budget. Engineered from 26 or 28-gauge steel and backed by a 40-year limited finish warranty, **SuperVic** roof won't warp, crack or chip, resists mold and mildew and won't burn.

Note: Galvalume™ is not a 40-year finish

THE RESIDENTIAL METAL ROOFING COLLECTION BY VICWEST

SuperVic is an excellent choice for hipped roofs and homes located in treed areas. Impervious to insect infestation and able to withstand heavy snow, high wind and whatever else Nature sends it's way, SuperVic provides superior protection and value. Versatile and easy to install, SuperVic blends well with brick, wood, stone and siding or can be used as a wall cladding.

Efficient and cost effective, **SuperVic** offers durability and superior protection, in the classic look of metal with visible fasteners.

WITHSTANDS:

- RAIN
  - HAIL
  - FOOT TRAFFIC
  - FIRE
  - HIGH WINDS
- 
- WILL NOT ROT
  - IMPERVIOUS TO INSECTS
  - EXCELLENT IN TREADED AREAS

COLOUR-MATCHED TRIMS & ACCESSORIES

LIGHTWEIGHT AND DURABLE

EXPOSED FASTENING SYSTEM

Long-term, affordable protection

## Why Metal is worth the investment

Ordinary roofing materials have shorter life spans and will need to be replaced regularly, especially in areas that see an influx of hot and cold temperatures coupled with high weather activity. With constantly increasing material and labour costs, this could result in significant expense over the life of your home. A roof purchase isn't something you plan on, so why do it twice? With warranties up to 50 years, a Vicwest metal roof will save you money and future financial worry since you'll never have to re-roof again! In addition, the enhanced curb appeal and durability it provides can help increase resale value should you decide to sell your home.
